Januaray 22, 2015

Dear Professor Celso Melchaides Doria,

On behalf of the organizers, I would like to invite you to participate the Great Lakes Geometry Conference 2015, to be held in Ann Arbor, Michigan on Mar 13-15. The conference is covered by a NSF grant, and we will cover your local expenses.

The Great Lakes Geometry Conference is a well-established international conference series held annually in the Great Lakes region, rotating among different universities. The theme of this year's conference is 4-manifold and gauge theory.

It is also the occasion to celebrate Ronald Fintushel's retirement. Prof. Fintushel is a founder of Great Lakes Geometry Conference Series and has made lasting and phenomenal contributions to the 4-manifold theory.

Please find below some information about the conference:

Great Lakes Geometry Conference 2015

Time: Mar 13-15, 2015
Place: University of Michigan, Ann Arbor, Michigan

Speakers:
Inanc Baykur (U Mass, Amherst)
Robert Gompf (UT Austin)
Sergei Gukov (Caltech)
Tian-Jun Li (Minnesota)
Gordana Matic (U Georgia)
Tom Mrowka (MIT)
Peter Ozsvath (Princeton)
Jongil Park (Seoul National)
Ronald Stern (UC Irvine)
Andras Stipsicz (Renyi Institute)

Organizers:
Tian-Jun Li (Minnesota)
Yongbin Ruan (Michigan)
Weiyi Zhang (Warwick)

If you agree to participate, please find more information and register on the following website:

http://homepages.warwick.ac.uk/~masmak/greatlakes2015

We sincerely hope you can come.

With best regards,
Weiyi Zhang (on behalf of the organizers)
