Gießen, 2nd February 2005

Dear Dr. Doria,

thank you very much for your interest in attending the 2nd Joint Meeting of AMS, DMV, ÖMG, June 16-19, 2005, at the University of Mainz, Germany, and giving a talk in the special session on "Nonlinear Elliptic Boundary Value Problems" organized by Prof. Z.-Q. Wang and myself. I am happy to inform you that we accept your abstract for being presented at the meeting.

Unfortunately we do not have any funds to support speakers at the conference. We hope that you will be able to obtain funds from other sources.

Sincerely yours

Prof. Dr. T. Bartsch
Chair of Analysis
