4th February 1983

Mr. Celso M. Doria
Rua Marquês de São Vicente,
N^o. 225, Gávea,
Rio de Janeiro
RJ - CEP 22453

Dear Mr. Doria,

The Selection Committee has now considered your application and I am writing to inform you that the Higher Degrees Committee of the University has approved a recommendation that you be permitted to register as a postgraduate student in the Department of Mathematics, starting 3rd October 1983. Registration will be initially for the degree of M.Sc. with a period of study of one year, to be followed subject to satisfactory performance in the Ph.D. qualifying examination by the degree of Ph.D. with a further period of study of two years.

I should be grateful if you would let me know how you intend to finance yourself for your period of study. Further information on the university fees, the statement required by the University, accommodation and the terms of the offer of registration are set out on the attached sheet.

I enclose information on the University of Warwick's Bursary Scheme for Overseas students and The Overseas Research Students Fees Support Scheme 1983 of the Committee of Vice-Chancellors and Principals for which you may wish to apply.

Would you please let me know if you wish to accept our offer on the terms and conditions as set out in my letter and as on the attached sheet.

Yours sincerely,

Peter J. Murray
Assistant Registrar

PJM/PNV
